

Dear Accountholder,

Before you request an International Wire Transfer, please note the following:

- You should make your request **2-3 business days** in advance of when you would like us to process your Wire Transfer to ensure pre-processing and verification can be complete.
- **This form cannot be used for outgoing Wire Transfers from an IRA account.** For IRA Wire Transfers, call 1-888-204-8966 for special instructions.
- The Wire Transfer will be funded in **U.S. dollars only**; however, the proceeds of an International Wire Transfer may be delivered in the foreign currency equivalent, less any applicable fees assessed by the beneficiary's bank.

Service Charges: There is a \$30 service charge for each outgoing Wire Transfer. The charge will be deducted from your account balance; do not include it in the Wire Transfer amount.

To request an outgoing Wire Transfer, please follow the steps below:

1. **Complete and return both pages 3 and 4 of the Wire Transfer Authorization form to us.** The following are your options for returning the completed form:

Glossary of Terms:

- **Originator (Sender):** Discover customer who is sending the Wire Transfer
- **Beneficiary:** Individual or entity that is receiving the Wire Transfer (not the receiving bank)
- **Beneficiary Bank:** Bank where the individual or entity receiving the Wire Transfer holds an account
- **Beneficiary's Bank Account Number:** The account number at the Beneficiary's bank
- **Beneficiary Bank Swift Code:** This code is assigned to financial institutions by the Society for Worldwide Interbank Financial Telecommunications to transmit International Wire Transfer instructions; Swift codes are 8–11 characters long.
- **Final Beneficiary Information:** This is used when additional instructions are required to send the Wire Transfer. For example, a Wire Transfer may be credited by the beneficiary to another person (such as a title company that receives the wired funds and credits them to a seller) or there may be a third, intermediary bank in the process that sends your Wire Transfer to its final destination.
- **IBAN/CLABE:** IBAN stands for International Bank Account Number. An IBAN identifies bank accounts from around the world and includes all of the details needed by a beneficiary bank to apply a deposit/payment directly to a beneficiary's international bank account. CLABE stands for Clave Bancaria Estandarizada, which is Spanish for Standardized Bank Code. A CLABE is a banking standard for the numbering of bank accounts in Mexico.
