

Use the International Wire Transfer Authorization Form attached to initiate an international wire transfer from your Discover account. If you prefer, you can initiate your request directly in the Discover Mobile App by selecting the Transfer icon or online by selecting Transfers in the navigation menu and following the instructions for Wire Transfer.

A few things to keep in mind before completing the form:

- This form can only be used for wire transfers from a non-IRA account. For **IRA Wire Transfers**, call 1-888-204-8966 for special instructions.
- We recommend you make your request **2-3 business days** in advance of when you would like us to process your wire transfer to help with pre-processing and verification (if needed). Allow additional time if mailing your request.
- Requests received and verified **before 3 p.m. ET** on a business day will be processed the same day. Requests received and verified **after 3 p.m. ET** on a business day or any time on a weekend or holiday will be processed on the next business day.
- Discover, a division of Capital One, N.A., only sends wires funded in **U.S. dollars**. **If the beneficiary's account is not denominated in U.S. dollars, then you will need to send the wire from a different bank.** If a wire is sent denominated in U.S. dollars, the proceeds of an international wire transfer may be delivered in the foreign currency equivalent, less any applicable fees assessed by the beneficiary's bank.
- There is a **\$30 service charge** for each outgoing wire transfer. The charge will be deducted from your account balance. Do not include it in the Wire Transfer Amount.
- Wire transfers may be delayed, not processed, and/or funds may be frozen if we or an intermediary bank perceives that a wire request may be in violation of United States OFAC sanction programs or other applicable laws.

- **Beneficiary Bank:** Bank where the individual or entity receiving the wire transfer holds an account
- **Beneficiary's Account Number:** The account number at the Beneficiary's bank

An IBAN identifies bank accounts from around the world and includes all the details needed by a beneficiary bank to apply a deposit/payment directly to a beneficiary's international bank account.
