

Application & Solicitation Disclosure for Variable Rate Private Consolidation Loan

Loan Interest Rate & Fees

Your **starting interest rate** will be between

4.490% and **8.740%**

After the starting rate is set, your rate will then vary with the market.

Your Starting Interest Rate (upon approval)

The starting interest rate you pay will be determined after you apply. It will be equal to the 3-Month LIBOR Index plus Margin. The value of the 3-Month LIBOR Index varies with the market each quarter. The Margin is a fixed value that is set at the time of your application, based on your credit history, the repayment term you select and other factors including your cosigner's credit history (if applicable). If approved, we will notify you of the rate you qualify for within the stated range.

Your Interest Rate during the Life of the Loan

Your rate is variable. This means that your rate could move lower or higher than the rates on this form. The variable rate is based upon the 3-Month LIBOR Index (as published in the *Wall Street Journal*). For more information on this rate, see the reference notes.

Although the interest rate will vary after you are approved, the interest rate will **never exceed 18.000%** (the maximum allowable for this loan).

REFERENCE NOTES

Variable Interest Rate

- Your loan has a variable interest rate that is based on the 3-Month London Interbank Offered Rate (LIBOR), a publicly available index. We will adjust your rate quarterly on each Jan 1, Apr 1, Jul 1 and Oct 1 (the "interest rate change date"), based on the 3-Month LIBOR Index, published in the Money Rates section of the *Wall Street Journal* 15 days prior to the interest rate change date, rounded up to the nearest one-eighth of one percent (0.125% or 0.00125). Your rate will be calculated each quarter by adding a Margin between 3.240% and 7.490% to the 3-Month LIBOR Index for a 20 year repayment term or by adding a Margin between 3.240% and 7.490% to the 3-Month LIBOR Index for a 10 year repayment term.
- For more information and the most recent value of the 3-Month LIBOR Index, please visit: DiscoverStudentLoans.com.
- The rate will not increase more than once a quarter, but there is no limit on the amount that the rate could increase at one time.
- Rates are typically higher without a cosigner.
